

# Somebody Come Get Me

Melanie Fiona

Somebody come get me  
Before I kill this man  
Somebody come get me  
Cause I don't understand  
He don't wanna love me  
Say he got a woman down the street  
He don't really love me  
Cause if he did he wouldn't do it  
Somebody come get me  
Before I kill this man  
Somebody come get me  
Come get this knife out me hand  
He don't wanna love me  
Him got a woman I'm dying to meet  
He don't really love me  
Lawd of mercy don't make me do it

Lawd of mercy, lawd of mercy  
He'll be begging please  
Lawd of mercy, lawd of mercy  
Begging on his knees  
Pack up everything in here and throw out what he leaves  
Pack up everything for you and take back my keys  
Woow I  
He said the BITCH named Sandra  
Woow I  
And thats what cause all this drama  
Well give me back my keys and leave  
I don't need you no more  
Was supposed to love me  
Now leave  
Didn't I give you my all

Somebody come get me  
Before I kill this man  
Somebody come get me

Come get this knife out me hand  
He don't wanna love me  
Say he got a woman down the street  
He don't really love me  
Cause if he did he wouldn't do it

Say  
Lawd of mercy  
What will I do  
Lawd of mercy  
Is he killing you  
Lawd of mercy  
Just wait and see  
Lawd of mercy  
If you don't give me back my keys and leave  
Cause I don't need you no more  
Give me back my keys  
Don't look at me  
Go back to your whore

Somebody come get me  
Before I kill this man  
Somebody come get me  
Come get this knife out me hand  
He don't wanna love me  
Say he got a woman down the street  
He don't really love me  
Cause if he did he wouldn't do it  
Somebody come get me  
Before I kill this man  
Somebody come get me  
Before I put this nine in my hand  
You'll hear a shotta one two  
And the noise will bring the boys in blue  
Lawd of mercy  
What did I do  
Hear a shotta hear a shotta hear a shotta hear a shotta
