

# Labyrinth

Melanie Martinez

We're like sheep caught in a herd, the shepherd's from the sky  
Fixing for a pretty penny just to get us by  
One-track minded, always fighting, mindless defiance  
Yet we follow the footsteps ahead  
(Don't care 'bout the mark we're leaving  
We're too consumed by fright)  
Should've turned around

Tripping on my toes, can't help it  
Limbs all numb from my mind, to help it  
Don't know why I fell on the planet  
It's dying and I'm dying with it

Money doesn't last, so burn all the cash  
I've fallen off the map, I'm done  
'Cause this grid's like a labyrinth I won't solve  
Like a maze and it's survival of the fittest  
More like the richest  
Take another hit I'm done  
Yeah, this grid's like a labyrinth I won't solve  
Like a maze I can't get out
