

# Synchronicities

Melanie Martinez

All my debts are paid  
Left her dead and turned the corner  
A new path in my name  
I've been seeing the same numbers  
Searching for a sign  
I saw her in a flight and she told me was it dying  
Dying to be born

I'm not wasting no more time, are you out or in?  
If you wanna stick by my side, are you down to swim?  
I can't be your lifeline  
I'm still tryna find mine  
If we sync up at the right time...

Hold me in your arms  
Tell me we're aligned  
Meet me in the dark  
Tell me what I'm missing, tell me what I'm missing  
Shout it from the sky  
Don't cut off your tongue  
Even when I'm wrong  
Promise I will listen, promise I will listen

My skin, my blood is blue  
Cut me and it's red like cherries  
In life, there are two  
Two sides of the coins we carry  
Which side will you choose?  
The flowers that you water tend to have the better karma  
Just like me and you

I'm not wasting no more time, are you out or in?  
If you wanna stick by my side, are you down to swim?  
I can't be your lifeline  
I'm still tryna find mine  
If we sync up at the right time (time)

Hold me in your arms  
Tell me we're aligned  
Meet me in the dark  
Tell me what I'm missing, tell me what I'm missing  
Shout it from the sky  
Don't cut off your tongue  
Even when I'm wrong  
Promise I will listen, promise I will listen

Are you seeing synchronicities?  
Everything is right where, where it's meant to be
