

Babe Rainbow

Melanie

He Babe rainbow
Keep your glow on
There's a show on you know
And they're all gonna be there
Put the gleam in your eyes
And do somethin' to your hair
Keep your glow on

Babe rainbow
You gotta go on
Babe rainbow
Keep your glow on
Though your hand has
Been held away too long,
You're afraid to walk
The streets alone
Keep your glow on
Babe rainbow oh -
You gotta go on

Oh It must be hard lookin' up at the sun
When you know in your heart
You might never be warm
Oh I know it's hard lookin' up at the sun
When you know deep inside
You might never be warm

He Babe rainbow -
Dancin' to a slow dance
At a memory affair
When all the boys were there
Keep the gleam back in your eyes
And don't let 'em know
You care
Keep your glow on
Babe Rainbow -
You gotta go on

Oh It must be hard lookin' up at the sun
When you know in your heart
You might never be warm
Oh I know it's hard lookin' up at the sun
When you know deep inside
You might never be warm

He Babe rainbow -
Keep your glow on
There's a show on you know
When all the boys were there
Keep the gleam back in your eyes
And don't let 'em know
You care
Keep your glow on
Keep the gleam back in your eyes
And do somethin' to your hair
Keep your glow on
Babe Rainbow -

You gotta go on
Ooh you gotta go on
Ooh you gotta go on
