

Can't Help Falling in Love

Melanie

Wise men say only fools rush in
But I can't help falling in love with you

Take my hand, take my whole life too
For I can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be

Shall I stay?
Would it be a sin?
'Cause I can't help falling in love with you
Falling in love with you

Some things are meant to be

Wise men say only fools rush in
But I can't help falling in love with you
I can't help falling in love with you
