

## Centre Of Your Circle

Melanie

Well I was born between the signs  
I got some time so hold me mister  
You've got what's been on my mind  
Keep on holding me  
Hold me I need everybody  
Keep me while I look around  
You've got what I haven't found  
Keep on holding me

Do do do do...  
La la la la la...

I wish I lived a blessed life  
Home grown food and Christ on Sunday  
In another life time one day  
That is where I'll be  
Oh, hold me I need everybody  
Keep me in your light like sun  
Until I'm centre of your circle  
Keep me hangin' on  
Until I'm centre of your circle  
Keep me hangin' on

Well I was born between the signs  
Got some time so hold me mister  
You've got what's been on my mind  
Keep on holding me  
Hold me I need everybody  
Keep me while I'm feeling down  
You've got what I haven't found

Keep on holding me  
Oh, hold me I need everybody  
Keep me in your light like sun  
Until I'm centre of your circle  
Keep me hangin' on

Do do do do...  
La la la la la...
