

Crack Seeks The Edge

Melanie

Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire
Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire
Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire

I'm gonna catch fire
I'm gonna catch fire

There's a riff in the spin, a turn in the dark
A little loose end in the realm of the heart

Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire
Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire
Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire
Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire

I'm gonna catch fire
I'm gonna catch fire
Gonna catch fire
Gonna catch fire

There's a riff in the spin, a little turn in the dark
A little lose end in the realm of the heart

Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire
Crack seeks the edge and the flame gets higher
I need to burn and I meet my desire

I'm gonna catch fire
Gonna catch fire
