

## Fooling Yourself

Melanie

Are you fooling  
Fooling yourself? - Are you fooling  
Fooling yourself?  
Are you fooling  
Fooling yourself! - Are you fooling  
Fooling yourself?  
To think I was a fool and I've been beaten  
A thought like that just kind of cramps my style  
But I'll get you some day for all your cheating  
And from my face you're gonna see a smile  
You should have never told me  
That you love me

You knew I'd start believing it some day  
And now you say  
You're leaving me for lonely  
Someone else is gonna come my way  
You better take some time and think of what you're doing  
Before you through away this harmony  
I don't think you know just who's been losing  
'Cause you've been fooling yourself when you think you're fooli  
ng me  
Now I'm the kind of girl who don't mind crying  
But I ain't gonna shed a tear for you  
Unless you change your ways and stop your lying  
I'm gonna change my mind about loving you  
You should have never told me  
That you love me

You better take some time and think of what you're doing  
Before you through away this harmony  
'Cause you don't realize just who's been losing

Are you think you're fooling me?  
Fooling  
Fooling yourself  
Are you fooling  
Fooling yourself?  
Are you fooling  
Fooling yourself?  
Fooling yourself
