

## Raindance

Melanie

I'd like to be clear but the words are old  
First person songs about second hand roles  
I'd like to play you one this time I'd like to explain  
But all I do is play my heart and soul out and do a dance for rain

Let it rain... rain rain  
Let it rain  
All I do is play my heart and soul out and do a dance for rain

You know they looked at my heart and then they looked at my head  
They pulled my worlds apart and they left them for dead  
But I'd like to give you one this time I'd really like to explain  
And all I do is play my heart and soul out and do a dance  
I do a dance for rain

So, let it rain... rain rain  
Let it rain  
All I do is play this heart and soul out and do a dance for rain

I'd like to give you one this time I'd really like to explain  
But all I do is play my heart and soul out and do a dance for rain

Oh, let it rain... rain rain  
Let it rain  
All I do is play my heart and soul out and do a dance  
I do a dance for rain

Let it let it rain let it rain let it rain let it rain  
All I do is play this heart and soul out and do a dance for rain

Let it rain...  
Let it rain, let it rain  
Let it rain, oh...
