

Somebody Loves Me

Melanie

Somebody loves me, I wonder who
I wonder who he can be

Somebody wants me, I wish I knew
Who the one could be worries me
For every guy who passes by I cry 'hey maybe,
Maybe you were meant to be my lovin' baby'.

Somebody wants me, I wonder who
Maybe it's you
Somebody needs me, I wonder who
Who the one could be worries me
For every guy who passes by I cry 'hey maybe,
Maybe you were meant to be my lovin' baby'.

Somebody loves me, I wonder who
Maybe it's you.
