

Uptown And Down

Melanie

You know I've been to New York
Uptown and down
And if you been there
Then you've been around
And I couldn't care less
If you lov'd me or not,
Oh yes, But I almost forgot
How are the people back home?
I hear you got a
Place of your own,
Don't say
You think that I've grown.

I've grown used to the people
Tellin' me I'm pretty
And used to the nights
With the boys in the city,
And they couldn't care less
If I loved them or not,
I've been looking real hard,
But I don't know for what, yeah

How are the people back home?
Tell them I got a show of my own
But sometimes I wish I'd never left home.
I've been to New York
Uptown and Down
If you been there
Then you've been around
So I couldn't care less
If you lov'd me or not,
Oh yes, I guess
I care a whole lot
I've been to New York
Uptown and down,
And if you been there
Then you've been around
And I couldn't care less
If you lov'd me or not,
Oh yes, I guess
I care a whole
Lot.
