

## When Love Is Deep

Melanie

And if I could get over you  
And I could rest in sleep  
I'd dream to love a better man  
It hurts when love is deep  
It hurts when love is deep

It has no vision and it's got no mind  
And God I get no peace  
But the path with heart wins every time  
It hurts when love is deep  
It hurts when love is deep

Here I am alone again waiting for the train  
You once told me I only had to watch  
To learn the game  
You said I didn't have to play to learn the rules  
But I'm a playing fool

If I could make it just one more night  
The day might let me see  
And feel this pain with open eyes  
The hurt when love is deep  
It hurts when love is deep  
It hurts when love is deep
