

I've Had Enough

Melina KB

So you say you really miss me?
Well, that makes me laugh
'Cause you miss the way I let you walk all over me
Broke every bone in my back

So you wanna reminisce things?
Well, don't come 'round here with that
If we review through your phony excuses
I bet it won't change the past

Closed for the weekend
Don't you apologize
I know you don't mean it
I quit

Here's to the "no"s
To the "I think you should go"s
To the leave his ass alone's
To the hanging up the phone's
To the no man can demand my body, my spirit, my love, oh
Here's to the "no"s
To the "walk yourself on home"s
To the keeping on my clothes
To the highs without the lows
To the no man can demand my body, my spirit, my love
Oh, I've had enough

So you're claiming you're a martyr? (What?)
Like I don't have a clue
Too bad I'm smarter, be discreet's a starter
I'm staring right at the proof

Closed for forever (Uh-huh)
I'm done with shutting up
I've learned a lot better
Listen

Here's to the "no"s
To the "I think you should go"s
To the leave his ass alone's
To the hanging up the phone's
To the no man can demand my body, my spirit, my love, oh
Here's to the "no"s
To the "walk yourself on home"s
To the keeping on my clothes
To the highs without the lows
To the no man can demand my body, my spirit, my love, love, love

If you're so mature now
Then I think it's time you grow up
Admit you did it
We all know you did it
And yet you still gaslight me up

You are such a flame out
Your only drive left's in the bed (Your only drive left's in the bed)
I don't deserve this

And for your next girlfriend
You need to treat her with respect

Here's to my girls
Standing up for what they're worth
Yeah, you know who run the world
I am ready to be heard
No man can demand my body, my spirit, my love
(My body, my spirit, my body, my spirit, my love) Oh
And for the boys
Who don't care who they destroy
Told us "no" was not a choice
You cannot silence our voice
No man can demand our bodies, our spirits, our love
Oh, we've had enough
