Unavoidable

Melina KB

You're unavoida- ah, I can't avoid ya
You're unavoida- ah, I can't avoid ya

I've started keeping all my makeup in my vehicle
Rerouting all the spots we'd go to, I'm strategical
This town is way too small
I'm bound to drop the ball
Watch me
Talk shit about you to your girlfriend, your girlfriend

I checked your Spotify... it's just for research purposes
You quote The Killers, before me you'd never heard of them
I get it, it sounds wrong
But how could I move on?
When you're
The "Next Big Thing" and I'm a burden, a burden

All my friends, they treat you like
You're some local celebrity
But don't forget the days
Your entourage was only me

Why'd you have be so unavoidable?
Now that you're successful
You're everywhere
Why'd you have to be so unavailable?
We could've been special
But you weren't ever there
It's like you're under my skin
Why did I let you in?
Can't act like you don't exist
When you're naturally so unavoidable
Unavoidable

Last week I ran into your roommate at the coffee shop
He didn't have to ask, he poured a glass of something strong
I played it nonchalant
But we both know I'm not
Then I
Spilled my drink all over the sidewalk, the sidewalk

Since you blew through us so fast
I can't bypass your brand, your name
In every bar, my favorite park
You take over my space

Why'd you have be so unavoidable?
Now that you're successful
You're everywhere
Why'd you have to be so unavailable?
We could've been special
But you weren't ever there
It's like you're under my skin
Why did I let you in?
Can't act like you don't exist
When you're naturally so unavoidable
Unavoidable

It's like the last time is never the last time
I bump into you, it's becoming a pastime
I barely saw you round when you were mine
So why, why, why?

Why'd you have be so unavoidable?
Now that you're successful
You're everywhere
Why'd you have to be so unavailable?
We could've been special
But you weren't ever there
It's like you're under my skin
Why did I let you in?
Can't act like you don't exist
When you're naturally so unavoidable
Unavoidable
