

## As Cool As You Try

Melissa Etheridge

They holy roll you in bed  
Give you a hole in your head  
Just when you think you're alright  
They change the scene overnight  
Don't be afraid to survive, yeah  
'Cause you're just as cool as you try

You're just as cool as you try  
You're just as cool as you try  
You either live or you die  
You're just as cool as you  
You're just as cool as ya  
You're just as cool as you try

(Come on child, bring it home)

Ain't nothin' wrong with your hips, baby  
Ain't nothin' down with your lips, child  
You know you got what it takes, baby, baby, baby  
Come on sh-sh-shake 'til it breaks, yeah  
Don't be afraid, let it fly  
You're just as cool as you try

You're just as cool as you try  
You're just as cool as you try  
You either live or you die  
You're just as cool as you  
You're just as cool as ya  
You're just as cool as you try

Wreck your hair, wreck your skin  
Your shoes too tight to fit in  
Hang it loose, hang it low  
Hangin' on, let it go  
Don't be afraid, you know why  
'Cause you're just as cool as you try

You're just as cool as you try  
You're just as cool as you try  
You either live or you die  
You're just as cool as you, yeah  
You're just as cool as ya  
You're just as cool as you try  
Just as cool as you  
You're just as cool as you, babe  
You're just as cool as ya  
You're just as cool as ya  
You're just as cool as you try
