That Would Be Me

Melissa Etheridge

You say that you don't know me
You never saw my face
And if you never been there
Can you be sure there's such a place?
You think if you don't answer
The world will pass you by
There's a fire in your kitchen
And the water's three feet high and rising

Someone's getting anxious
Someone's getting loud
Someone's getting angry
Someone's getting proud
And that would be me
That would be me
That would be me
That would be me

Someone's shouting at me
We're all going to hell
Well, it must not be too far away
Sometimes I cannot tell
My shoes are still as empty
A mile you never walked
Send in your donation
And you never have to talk again

Someone's getting anxious
Someone's getting loud
Someone's getting angry
Someone's getting proud
And that would be me
That would be me
That would be me
That would be me

I'm gonna show you who I am
I'm gonna tell you what I do
Not much use to curse the damned
And there's power in nothing to lose

Someone's getting anxious
Someone's getting loud
Someone's getting angry, babe
Someone's getting proud
Someone's getting anxious
Someone's getting loud
Someone's getting angry
Someone's getting proud
And that would be me
That would be me
That would be me
That would be me
That would be me
That would be me
That would be me
That would be me

Now, that would be me
