

Do It Over

Melissa Ferrick

Start over
Cuz I don't understand
And I am moving as fast as I can
So, pull over
And watch me walk the line
Cuz I can't believe my eyes

Times up
Yeah it's over
Gotta get stand up and cross over
Head up off my shoulders
Now's my chance to do it over

So it's a change of hands
And turn around and there I am
Just waiting in the hall
Ans watching my life fall

But time's up
Yeah it's over
Gotta stand up and cross over
Head up off my shoulders
Now's my chance to do it over

So when I don't know yeah
Which way I am to go
I stop to see
You know, all I've done
And all I want to be

So it's a sunrise
The first that I have seen in years
Is bleeding blur and bottled light (?)
Fill my heart
And force the tears

Cuz time's up
Yeah it's over
Gotta stand up and
Cross over,
Head up, off my shoulders
Nows my chance, to
Time's up
Yeah it's over
Gotta stand up
And cross over
Head up off my shoulders
Now's my chance to do it over
