

## Inside

Melissa Ferrick

I'm going inside  
Shutting the blinds on my mind  
Taking a rest from this restless life  
I said I'm going inside  
Cuz things got good  
And I got real sad  
And you came through  
And I got real mad  
And I am not the strong one  
It's changing everything  
Is Fucking exhausting  
And I can't wait to take a drink  
From the waterfall of my memories  
As soon as I can get home and get some sleep  
When you're overboard  
When you're really really sick of keeping score  
Yeah when it all comes down to the question  
what the hell are you doing this for?  
That's when my brain freezes  
Pull back forward movie-camera movement  
And everybody around here keeps asking me how old I am  
And what I look like on the outside  
I said I'm going inside  
Yeah changing everything is fucking exhausting  
And I can't wait to take a drink  
From the waterfall of our memories  
As soon as I can get home  
As soon as I can get home  
As soon as I can get home  
And get some sleep
