

## Westbound

Melissa Ferrick

Nothing but the sky now  
I'm headed westbound  
Take the freeway  
Take the freeway

I'm all done  
My body is tired  
Late nights  
Bottles talk

I'm all set  
Alone in my car  
A full tank of gas  
With all the windows open

Nothing but the sky now  
I'm headed westbound  
Take the freeway  
Take the freeway

Got the music on  
For the best night driving  
And when the blue hits  
Another day is gone

Nothing but the sky now  
I'm headed westbound  
For the best night driving  
Take the freeway  
Nothing but the sky now  
I'm headed westbound  
Take the freeway  
Take the freeway

Nothing but the sky now  
I'm headed westbound  
Going to take the freeway  
Take the freeway  
Take the freeway
