

# Your Place or Mine

Melissa Manchester

In my life what I thought could never be  
Is alive and it is better than a dream  
Never thought I'd surrender to desire  
Hey, hey, your place or mine

We have danced like two moths around the flame  
Never touching 'cause we've always been afraid  
But I know what I need with you I'll find  
Hey, hey, your place or mine, mm-hmm  
Dim the lights and pour the wine

If it's your place or it's my place  
I don't think I really care  
Just as long as you are there until tomorrow  
Is it your place, is it my place  
We can find love anywhere  
Think of everything we'll share for all tomorrows

There's so much that devotion has to give  
When desire makes two people want to live  
When it feel like it's real, well, that's a sign  
Hey, hey, your place or mine, mm-hmm  
Dim the lights and pour the wine

We've been waiting for, forever  
Now we know where we belong  
And as long as we're together  
We know we will be strong  
'Cause love goes on and on and on

And on  
Love goes on and on and on  
And on

If it's your place or it's my place  
I don't think I really care  
Just as long as you are there until tomorrow  
Hey, hey, your place or mine, ooh, yeah, yes  
I'll never change my mind, no

Is it your place, is it my place  
We can find love anywhere  
Think of everything we'll share for all tomorrows  
Hey, hey, your place or mine, tell me  
Dim the lights and pour the wine
