

# My World

Mellow Fellow

One day  
I'll find my way  
And that day  
It'll be okay

It's not easy to say  
When you're easy to betray  
Your word

Crumbling as it seems  
Though perfect in between  
My world

Sunshine  
When will you come back?  
Tell me  
What I still lack

It's not easy to say  
When you're easy to betray  
Your word

Crumbling as it seems  
Though perfect in between  
My world  
My world  
My world
