I wanna fall into your arms,
if we just stayed together, forever and ever.
I wanna feel you touch my skin,
I wanna hear you gently breathe in,
I'm dreaming, softly dreaming.
Let's kill the clockwork,
we're leaving it all,
oh yeah, oh yeah.
Let's kill the clockwork,
we're leaving it all,
oh yeah, oh yeah.
So everything will be alright,
if you would only feel me, I'm waiting, believe me.
I wanna feel you touch my skin,
I wanna hear you gently breathe in,
I'm dreaming, softly dreaming.
Let's kill the clockwork,
we're leaving it all,
oh yeah, oh yeah.
Let's kill the clockwork,
we're leaving it all,
oh yeah, oh yeah.
So let's kill the clockwork,
we're leaving it all,
oh yeah, oh yeah.
Let's kill the clockwork,
we're leaving it all,
oh yeah, oh yeah,
oh yeah, oh yeah,
oh yeah, oh yeah,
oh yeah, oh yeah,
oh yeah, oh yeah.
