

Cry Wolf

Melody Gardot

You come off like a white knight
Always honest always right
You come off like a brave soul
Truthful and noble
And then you go
(refrain)
And lie to me Lie to me
Make me promises you can't keep
Lie to me Lie to me
Why you always lie to me

Every time that we speak
I get dizzy I get weak
You don't know the things you say
You're quick to talk then walk away

And lie to me Lie to me
Make me promises you can't keep
Lie to me Lie to me
Why you always lie to me

You're always telling lies
You're always telling lies

Lie to me Lie to me
Make me promises you can't keep
Lie to me Lie to me
Why you always lie to me
