Happiness I thought I would never see again
I can't believe it is really you
A gift from a fickle fortune
Your name and your howabouts
Found courage and got to say them out

Our first meeting full of sunlight
Illuminates my past nights
That have been dark as that particular day

How have you been?
Do you still think me awful?
Been wanting to ask you
All piled up
Nights and nights
Slowly dyes into
Our days of laughter and I smile lightly
My one and only miracle
It's on its way back to me

Even (Even) without you (Without you)
I would have been able to go on
But without you, oh-oh
I wouldn't have been able to love

How have you been?
Do you still think me awful?
Been wanting to ask you

All piled up
Nights and nights
Slowly dyes into
Our days of laughter and I smile lightly
The miracle, my everything
It's on its way back to me

It's never easy to open my lips
Feel like tears are coming out Wanted to let you know
I finally realized (I finally understood)
The shape of our connection (You and I)
We would quarrel, but
Even that was love

I missed you so
Holding you in my arms
I now realize that I was selfish
And too young
Even if we start taking this for granted again (Even if we feel dull)
We'll still be together
I'm gonna tell you
That I'm grateful for everything
You are my miracle
