

## Antitoxidote

Melvins

May be since I'm mad inside my arm  
Last truth gonna let it fake away  
Try hard  
And I heard her stay  
When she's like a piece of candle lone  
Last slip gonna let it toss away

Pigs don't let it (4x)  
Like a hole it's a bone let's a body goad  
Pigs don't let it  
Like siz, bust it while it roll  
Pigs don't let it  
No no no no no no

When she's like a piece of candle lone  
Last you gonna let it toss away  
Try hard  
And I heard her stay  
May be since I made it inside my arm  
Last true gonna let it trust away
