Melvins

The words sound the same to me  
Top knot crying through history  
I won't worry, it's not me  
And you'll regret it  
Some kind of god met on the way  
House of death, loser  
I promulgate lasting power  
And now it's over

The idea is all  
We were out of time  
It's morally superior  
Smile, and walk around

Becoming quiet, years alone  
I can't help but wonder why  
We were sorry, out of time  
It is forever  
Don't judge what he jokes about  
Pictures and posters now  
Booze and drugs, all around  
And now it's gone

The idea is all  
We were out of time  
It's morally superior  
Screwed up socially  
The tongue of God  
It's morally superior  
Why would I want to  
I can't help it  
It's morally superior  
It's morally superior  
It's morally superior  
It's morally superior
