

## Hammering

Melvins

Make it better and modulate  
You can't lose one or none  
Really all I can handle  
What is twice your going rate

There will be a consequence  
He wants us all alive  
Most king of scientist  
Baby, oh, in the world

Stage one  
With the wishing go'm idea  
And you've got nothing to handle  
One day it collapsed  
A bad idea  
A song about dogs  
It seemed like it was so much fun  
He got arrested  
I don't understand this thing at all  
Please just pretend it

So brilliant  
Such a waste of life  
What's your plan  
I don't think I should tell you that  
Morgue inside  
I don't know if it's good or not  
He got arrested  
I won't understand this thing at all  
Please just pretend it

Make it better and modulate  
You can't lose one or none  
Baby, all I can handle  
More than twice your going rate

Stage one with a raging good idea  
And you've got nothing to handle  
One day he collapsed, bad idea  
A song about dogs
