Hear the story  
Made to be unhappy  
Crawl and suffer  
Seek between their eyes  
Something could happen  
It's going to be in your way  
How to stay here  
And kick the walls

I got lucky  
I got what was over  
A special buffer  
Election on our deck  
That never stopped him  
Never did before  
I'll just stay here  
And kick the walls

Animal, animal  
Animal, topical  
Animal, animal  
You're just a fool

Beautiful mystery  
That comes on our toupee  
Crawling so fast  
See between my eyes  
Something could happen  
It's going to be no way  
I'll just stay here  
And kick your walls
