

# They All Must Be Slaughtered

Melvins

All of them, they must be slaughtered  
All of them, they must be slaughtered

The father, the son  
They guide the lowly goat  
The mind it takes to end a plea  
He wants the best for all of us

All of them, they must be slaughtered  
All of them, they must be slaughtered

The father, the son  
They guide the lowly goat  
The mind it takes to end a plea  
He wants the best for all of us
