

## Shell

## Memento

Crawl away into the shell you put yourself in  
Crawl away, I watched you crawl away  
Not one set of footprints in this burning sand  
It fell away, I watched it fall away

Who am I in your eyes? How does it feel?  
How does it feel? How does it feel your asking  
I can't heal, I can't feel you anymore  
I'll never knell, never kneel, never kneel before you  
How can I heal when there's blood still on the floor?

In a vacuum creaming hope was not in season  
Please hear me, someone hear me  
If I could you know I'd take your place my friend  
Not again, yes I'll carry you again

Who am I in your eyes? How does it feel?  
How does it feel? How does it feel your asking  
I can't heal, I can't feel you anymore  
I'll never knell, never kneel, never kneel before you  
How can I heal when there's blood still on the floor?

Who am I? Who am I?  
Who am I? Who am I?  
Who am I? Who am I?

Who am I in your eyes? How does it feel?  
How does it feel? How does it feel your asking  
I can't heal, I can't feel you anymore  
I'll never knell, never kneel, never kneel before you  
How can I heal when there's blood still on the floor?

How does it feel? How does it feel? How does it feel your asking  
g  
How does it feel? How does it feel? How does it feel your asking  
g  
How does it feel? How does it feel? How does it feel your asking  
g  
But I can't heal, 'coz I can't feel you anymore
