

## Don't Try

## Memoria

My fascination's grown  
Out of nothing  
You've been falling out  
Of my mercy  
What on earth is that  
Comforts desperate soul  
Searching for a response  
To a cry

I don't try anymore  
Anonymous crowd  
Wades into my heart  
Leaves without a trace  
Tears are only a fake  
See them all around  
Tears are only a fake  
See them all around

I see through crack in shell  
Clashes of lightning  
Someone rescue me  
From the darkness  
Darkness of my soul  
Growing deeper  
Can't you see my heart  
Has almost died

I don't try anymore  
Anonymous crowd  
Wades into my heart  
Leaves without a trace  
Tears are only a fake  
See them all around  
Tears are only a fake  
See them all around

I see through crack in shell  
Clashes of lightning  
Someone rescue me  
From the darkness

Tears are only a fake  
See them all around  
Tears are only a fake  
See them all around  
Tears are only ...
