

Asem Beba

Memphis Depay

Most underrated
While I give my generation the most motivation
Shit kinda outrageous how they tryna portray me
From people that don't even know me but they call me crazy
Not really crazy as long as they pay me
Not worried about number 9's my homies carry daily
Yeah this is self made nobody made me
And fuck the the politics you know that shit can't break me

You know we gon' shake it up, fuck it up
Asem Beba
You know we gon' shake it up, fuck it up
Trouble is coming
You know we gon' shake it up, fuck it up
Asem Beba
You know we gon' shake it up, fuck it up
Scary hours

Keep your flowers, I don't need your flowers
I'm from a lion family no Terrence Howard
Wanna meet my ancestors? Show you real power
Asem Beba
Trouble is coming for y'all
I got a Spiritual call
Niggas don't really want it with me
They just talking a lot
You see a nigga moving in peace but I'm ready for war
Y'all don't know but I'm on my best when it's very dark
Yeah

Hey listen
When you truly don't care what anyone thinks of you
You have reached a dangerous level of freedom
That's me

You know we gon' shake it up, fuck it up
Asem Beba
You know we gon' shake it up, fuck it up
Trouble is coming
You know we gon' shake it up, fuck it up
Asem Beba
You know we gon' shake it up, fuck it up
Scary hours
