

Falando com as Favelas

Memphis Depay

Mama always told me some dream big
So I had a dream
But I guess right now
I'm living it, huh
Took a jet all the way to Brazil
For a purpose (Ay, ay, hey, hey)

I had a dream and I did it, wow (Wow)
I do this shit for the children
Don't give a fuck about all these opinions
We winning, we winning, ay
I just woke up with a million
Feeding the streets, do this shit for a minute
Feeding the poor with the soul that I'm giving, ay
We living, we living, ay
Falando com as favelas
Representando elas
Screaming, "We don't need agendas" (We don't), ay
Don't live by the rules nowadays (Nah)
Took a flight to Brazil and got paid (Yeah)
I'm other way, overseas, with my faith

From Ghana to Copacabana
Twenty-years-old, chased my dream without a father
Look in my eyes, you'll see fire and trauma
Made mistakes and grew up around drama (Drama, drama)
Talk to my brothers with no fucking feelings
Praying on Sunday, keep asking for some healing
Pace with them demons and killers
My brother is free, don't understand the reason (Twice)
I think I'm about to start some shit
They don't know who they fucking with (Yeah)
I'm preaching out to all them kids
Start to think big, ay, start to think (To think)
They ask me the reason I came (I came)
My purpose is bigger than fame (Yeah)
I hope that they don't feel that way
'Cause I'm on my way to dominate the game (Ay)

Ninguém previne a fome do leão
Não se adianta o tempo, a hora certa
Guardo memórias no meu coração
Força mental no rumo igual uma flecha
Não falta nem disposição
Trago malícias daquela viela
Guardo memórias no meu coração
Força mental no rumo igual uma flecha
Quebra esses muro que breca
Se fecha a porta, eu procuro uma fresta
A favela quer mais cultura e mais informação
Não queremos só festa
Por todo mundo eu tenho alguns irmão
Todos com fome por dias melhores
Rezando e pedindo pro céu proteção
Na chuva de bomba que todo dia explode
Lembro também que eu preciso ser forte
Pra poder fortalecer

Pensando além, sua mente vai longe
Olha pra quem tá perto de você
Veja o que o olho da pequena diz
Sonhando em ser uma grande atriz
Chutando a bola, olha mais um menor
Imaginando um futuro melhor

I had a dream and I did it, wow (Wow)
I do this shit for the children
Don't give a fuck about all these opinions
We winning, we winning, ay
I just woke up with a million
Feeding the streets, do this shit for a minute
Feeding the poor with the soul that I'm giving, ay
We living, we living, ay (E-e-e-ei)
