

Sever the Ties

Memphis May Fire

Remember when you said we were in this together?
We only had one goal in mind:
To be the best that we could be for each other;
To look ahead and put our differences aside

I can swear that you're a different person now
All you want these days is a fight
I could've sworn that this would end up different
But I'm tired of trying
Cause we can't see eye to eye
We don't see eye to eye!

I feel the separation
It's time that you go your way, I'll go mine

All I ever wanted was the best for us
Then out of nowhere you were out of touch
I really think I should've done this sooner
I only wish I would've never gave so much

I feel the separation
It's time that you go your way, I'll go mine
I watched you change into everything you use to hate
And push me away, cause you're scared of what I'll say

I didn't want this, it kills me inside
I have no choice but to sever the ties

What happened to the you I use to know?
Was it ever real, or was it just a show?
The trust, the love, the bond we had, where did it go?
Where did it go?
What happened to the you I use to know?

I poured out, gave you everything
Now I wish I could take it back
Go now, far away from me
Before I lose what little patience I have

I believed every lie you told
And now I think that I am better off alone
You only took and always asked for more
Now give me back every part of my life you stole

I watched you change into everything you use to hate
And push me away, cause you're scared of what I'll say

I didn't want this, it kills me inside
I have no choice but to sever the ties
