

Who I Am

Memphis May Fire

Another night, another fight
Here we go again
I'm giving you my all for nothing
I'm always wrong, you're always right
I swear it never ends
I'll never be the one you think I am

Hey!

It's not fair for me
To think you'd understand
The darkest part of me
Is part of who I am
Who I am
It's who I am

So tell me why we even try
If it always comes to this
And every time your heart gets broken
You start to cry and I realize
This will never end
I'll never be the one you think I am

Hey!

It's not fair for me
To think you'd understand
The darkest part of me
Is part of who I am
Who I am

You can't fix me! You can't fix me!
You can't fix me it's who I am

Who I am!

This is who I am
It's who I'll always be

Hey!

It's not fair for me
To think you'd understand
The darkest part of me
Is part of who I am (it's who I am)
So maybe you should leave
Before I let you down again (who I am)
Cause I can try to change
But in the end it's who I am

Who I am
Who I am
