

Good Morning

Memphis Minnie

Well, Good mornin', tell me where you stayed last night.
Well, Good mornin', tell me where you stayed last night.
Well, you know you don't love me and you just can't treat me right.

It's a low down shame the way you treated me.
It's a low down shame the way you treated me.
and i'm just as good to you daddy is i intend to be

now you can shoot your pistol you can blown your hole
and fall down on your knees and you can weep and moan
you gonna be, you gonna be in bad some day
and you gonna be sorry you treat me this-a-way

well i wouldn't been here daddy if it had-na been for you
you treat me low down dirty and that's the way you do
you gonna be, you gonna be in bad for long
and you was settin' there singing sam ol' lonesome song

good morning and it's fare you well goodbye.
good morning and it's fare you well goodbye.
well you know you don't love me aint no need to cry
just tell me where ya stayed last night now

you gotta give a call yourself
'cause i'm still lookin' at you
