

Pines

Men I Trust

Bae, you're leaving again?
It's rainy outside you know
Don't wanna get cold
"Bye, I'm running late"
Didn't say where she went
God knows

Bae, you're running away
Lost in the eye of men
You're roaming your way
And he waits
While she is so close to home
Warmed up so that she stays
His bae

He told her "Bae, the porch is unlocked
Even though no one else
Comes by the front
Now, I sense why the men
Who live in these empty lands
Don't use them"

Singing "she moves like wind
By deserted pines
Who stand tall unstirred"
Ran out of milk
Wearing her nice shoes
She likes coffee dark

He said "Bae, you're running away
Lost in the eye of men
You're roaming your way"
And he waits
While she is so close
Warmed up so that she stays
His bae
