

# Killing Something Beautiful

Mendeed

I am alone, I can feel  
Nothing  
Its cold, its dark  
It falls apart

I hate everything about this place  
Fuck this, I?m not gonna die here  
I?d rather swallow razor blades, than be one of them  
Oh God its fucking pathetic  
You better stay away from me  
Fuck this, I?m not gonna die here  
You better stay away from me  
Oh God its fucking pathetic

You drag me down, never gave me a chance  
You pillaged me, diseasing my beliefs  
You took away everything I?d become  
You left behind my immortality

I hate everything about this place  
Fuck this, I?m not gonna die here  
I?d rather swallow razor blades, than be one of them  
Oh God its fucking pathetic  
You better stay away from me  
Fuck this, I?m not gonna die here  
You better stay away from me  
Oh God its fucking pathetic

Feel no remorse to spit down on the world  
?Cause I?m giving right back what?s inflicted on me  
I?ve had enough of the fucking deceit  
All the lies are a cancer that eat me away

Say, what, you feel  
I hate this thing  
Loathe your own mind  
Your life, your life  
It?s a lie, it?s a lie

You are a snake to me?  
Watch you suffer as you bleed  
You are a plague to me?  
You are nothing
