

Oh Pretty Boy, You're Such a Big Boy

Menomena

Hold my hands, feel them shake
I fear I'm showing my age
All my love is in one place
Now I, I'm not so brave
And I fear, oh I fear
I'm showing my age

All my life I've run away
From those who've begged me to stay
All your love is not enough
To fill my half-empty cup
Your love, oh my love
Is just not enough

All my love was in one place
'Til I, I let it escape
And now my love is not enough
To fill your half-empty cup
My love, oh my love
Is just not enough

And my love, oh my love
Is just not enough

And I feel, oh I feel
I'm showing my age
