

Anything & Everything

Mental As Anything

Well, I'd do anything
Anything
Everything
Everything
Everything for you
Well, I'd do anything
Anything
Everything I do
For you, for you

It breaks my heart to see you cry
When I have to say goodbye
Don't change while I'm away
I'll call you everyday
I'd do anything for you

Well, I'd do anything
Anything
I'll see you through the night
I'll be your guiding light
I'd do anything for you
For you
