

Can I Come Home

Mental As Anything

Come on darling, I can't see you
I gotta be with you
Can I see you?
Now can I come home?
Now can I come home?

Come on darling, you won't know me
Can I show you how I've changed?
Can I come home?
How I've changed
Can I come home?

I miss watching you pushing our old lawnmower
I miss telling you to push it just a little bit slower
I miss kissing you when we go to bed
I miss feeling bad when I've been telling you lies

Come on darling, I can't see you
I gotta be with you
Can I see you?
Now can I come home?
Now can I come home?

Come on darling, you won't know me
Can I show you how I've changed?
Can I come home?
How I've changed
Can I come home?

I miss watching you pushing our old lawnmower
I miss telling you to push it just a little bit slower
I miss kissing you when we go to bed
I miss feeling bad when I've been telling you lies
