

Garageland

Mental As Anything

I'm Sales Manager
Kitchenware
It's not as bad as it sounds
I wear a suit
The girls are cute
I push 'em all around
I got a nice house
I only go out to work
Real late at functions
I got a new car
As neat as a pin
It goes when I get in

Help me, Jesus

I'm never alone
In my cosy home
Got a radio and TV
I've got two kids
A boy and a girl
They both look just like me

Help me, Jesus
Help me

Hey there, I'm a salary man
I live out west in garageland
Doin' alright, I'm a family man
I'm sittin' out here in garageland

It's hot out here
I need a beer
It's a long way from the sea
There's no crime on my lawn
It's not too rough for me
There's a heat haze hanging in the dirty sky
Like a warm and hairy blanket
Give a beer
A whiskey or gin
I don't care, I'll drink it

Help me, Jesus
Help me

Hey there, I'm a salary man
I live out west in garageland
Doin' alright, I'm a family man
Sittin' out here in garageland

I'll retire with a lump sum payment
Adequate pension
La-la-la-la-la-la-la-la-la-la-la-la-la-la-la
Somewhere nice on the mid north coast
A holiday house
A car and a boat

I'm getting so fat

My wife doesn't mind

We do it in the dark

Don't talk too much

We've said enough

She still makes me laugh

Help me, Jesus
