

Nothing's Going Right Today

Mental As Anything

Pete's looking for the papers
Everyone is joining in
I'm having trouble getting it down
What state are we in?

I'm sick of those songs too
Just another throwaway
There isn't really much to do
On this foggy old Wednesday

Nothing is going right today
Everything is getting in my way
Could be worse you may say

Getting nowhere in this old crate
Nowhere near to [?]
Thanks to fate I'm gonna be late
All that's left to do is sing

Nothing is going right today
Everything is getting in my way
Could be worse you may say

Nothing is going right today
Everything is getting in my way
Could be worse you may say
Could be worse you may say
Could be worse you may say
