

Chapter II: The Rise Of The Antichrist

Mental Cruelty

Forced salvation of the damned
Faces to burn, throats to cut
Whispering voices to rule your mind
Burned in your soul carved in your flesh
Clear the way for the antichrist

Carving out the eyes of God

I rise in smoke, I breathe in dust
He once ruled the earth and stop the bloodlust of God
Be my savior now
Destruction followed his steps through the gates of hell
Soul pollution forced the separation of your soul and your body
Be our savior now

Life dwells in a place of deformed existence
Incarnated evil constrains the deserved retaliation of mankind
He once ruled the earth, the second son of God wears his majesty
Destruction followed his steps through the gates of hell
