

Father Of Abomination

Mental Cruelty

Voices of poisonous suppression will
Curse the earth and consume the pain
Prevention of a second life
Order through the crucifix
Hands of doom are choking us
No one survives
Annihilation is rising
Exhaling contagion
This scourge my fury, I'm the king of suffering

"Hatred
Vulvodynia, analepsy, mental cruelty slamming beatdown
Slamming that hammer through your fucking chest
Caving in your felsh
I'll watch your brains leak out
Slashing at your throat
Bree bree bree bree bree bree!
Welcome to the deepest darkest confinets of my blackened mind
Putried hatred for this rotten world of mine
Feel the wrath of my sharpened sword as it cuts right through y
our skin
You lay decapitated
Deaths knocking on your door"
No gods

"Slam"
I'm the answer of this enslavement
Bree
I am the reincarnation of the black death in this world
