

# Planet Of Misery

## Mental Cruelty

Blood on my face as I turned the cross upside down (upside down  
!)  
And burned my flesh  
I will sacrifice my life on the way to your God!  
Hate in my eyes  
Sacrifice their lies on my way to christ  
As I arrive on the side of the one and only lord  
I crown this world to a planet of misery!  
Thorns in the flesh of the false prophet!  
Stigmati starting to bleed  
I let you drown in God's blood  
The wings of death are spread open wide over the corpses in, in  
the dust of this never ending pain!  
I see his face in the darkness  
I start to sacrifice the goat  
The gates of hell are open wide  
This is it, Inspiritus Mortem  
Blood on my face as I turned the cross upside down (upside down  
!), and burned my flesh  
Now you sacrifice your life on the way back to earth  
I'm alive!  
Your lies denied!  
Bound in hell  
Death knell  
I crown this world to a planet of misery!  
Thorns in the flesh of the false prophet!  
This is God's funeral!  
I am the eternal lord  
Eater of light  
I am the eternal pain  
End of the world  
See how it burns
