

# Believe

Merauder

If you believe then it can be  
All your dreams will become reality  
Don't be misled, never settle for less  
Confront your fears put them to rest  
If you bleed then you gotta believe,  
You gotta believe, you gotta believe  
If you bleed then you gotta believe...  
You gotta believe, you can be more  
Than expected to be  
You gotta believe, you can be more  
Than you'll ever be  
If you bleed then you gotta believe  
  
Possessed by power, burning up inside  
Hold back no more, time has  
Come to fight  
You make a stand against stack odds  
The cause is lost but you fight on.  
If you bleed then you gotta believe,  
You gotta believe, you gotta believe,  
If you bleed then you gotta believe...  
You gotta believe, you can be more  
Than expected to be  
You gotta believe, you can be more  
Than you'll ever be  
If you bleed then you gotta believe  
  
If you believe then it can be  
All your dreams will become reality  
Don't be misled, never settle for less

Confront your fears put them to rest  
If you bleed then you gotta believe,  
You gotta believe, you gotta believe  
If you bleed then you gotta believe...  
You gotta believe, you can be more  
Than expected to be  
You gotta believe, you can be more  
Than you'll ever be  
If you bleed then you gotta believe
