

# Coney Island Cyclone

Mercury Rev

No, I won't chicken out  
Hey, wait, babe  
Wait up now  
Hey babe, wait up now  
If we could find a space

Where we could both stretch out  
Roll like Coney island cyclones  
No, I won't chicken out  
No, I won't chicken out

No doubt babe  
No doubt now  
No doubt babe  
No doubt now

I spend all day  
On your mom's couch  
Spend all night  
And I won't chicken out

No, I won't chicken out  
Let's go out tonight  
Find a sunny space  
Picking up the skylab

Throw it back in space  
No, I won't chicken out (I'm not messing with you)  
No, I won't chicken out (I'm not messing with you)  
No, I won't chicken out (I'm not messing with you)  
No, I won't chicken out (I'm not messing with you)
