

## Moving On

Mercury Rev

You gotta start, moving on  
It will be better in the sun  
Just move ahead, it won't be long

You gotta start, moving on  
It will be better in the sun  
Just move ahead, it won't be long  
And it'll be brighter  
And it'll be brighter

You gotta start, moving on  
It will be better in the sun  
Just move ahead, it won't be long  
And it'll be brighter
