## **Sweet Oddysee Of A Cancer Cell T' Th' Center Of Yer Heart**

**Mercury Rev** 

Onto the ice flow Where all the Where heaven put the seeds

Here on the ice flow
A tresure dust of grass
My drove them engines
For
Onto the ice flow
Where the wind starts to move
And the earth will have a flood

Here on the ice flow Where skulls go as long Girls never sleep Girls will die And skin is froze body
